Museum Hours

The Museum is open to the public on Saturdays from 10:00 AM to 2:00 PM. Tours can also be arranged for groups by appointment. Contact our Facilities Manager, Bill Anderson for details.

One-Year Wonder Project A Continuing Success!

CONNECT - ENGAGE - INSPIRE

These words describe the goals on the Illinois Aviation Museum's newest project, the "One-Year-Wonder", patterned after the Experimental Aircraft's Association's successful "One-Week Wonder" project launched at its AirVenture event at Oshkosh, Wisconsin last summer.

Looking to both engage aviation enthusiasts and connect with the community, the Museum's project features the building of a Zenith Aircraft CH 750 Cruiser.

Build sessions began on March 21st and continue through the year on the **first and third Saturdays of each month from 10:00 AM - 2:00 PM** at the Museum, per the schedule on the [attached flyer](#). There are no formal requirements to be a part of this free project, and kids of all ages, families, and groups are invited to participate.

Tell your friends, neighbors, co-workers, and others in your circle of influence about this project!

We can also use volunteers at each build session for mentoring, registration, and other roles.

Help us Connect, Engage, and Inspire our community with this once-in-a-lifetime hands-on project! [Contact the Museum](#) for more information, to sign up a group, or to volunteer.

Become a Member

You, too, can become a member of the Illinois Aviation Museum! There are numerous ways you can participate in the activities of the museum, including:

- Volunteering (events, tour guide, etc.)
- Preservation and Restoration
- Education
- Membership
- Fundraising

We are always looking for new members -- you don't have to be a pilot to join! You just need to have an interest in what we do.

Next Build Session!

The next build session for our One Year Wonder project is this Saturday, October 3rd from 10:00 AM to 2:00 PM. Come for the whole session or stop by and pull a rivet! All are welcome!
